

*dabtastic*™  
**DABOUTMINI**  
user manual

The Dabout Mini is compact, portable & easy to use on the go. The internally high-powered battery provides the Dabout Mini with precise temperature control that can reach up to 710°F in just a few seconds and allows it to produce huge clouds of vapor. The Dabout Mini is equipped with micro USB charging capability and interchangeable atomizers, all with a glass bubbler for water filtration. Get ready for an extraordinary experience!

**⚠ WARNING**

In order to avoid damaging or destroying your Dabout Mini please use the charger properly (input voltage DC 5V, max charging current: 1A).

If it is not operated as required by the manufacturer, the Dabout Mini's self-contained protection function may fail.

**Disclaimer:**

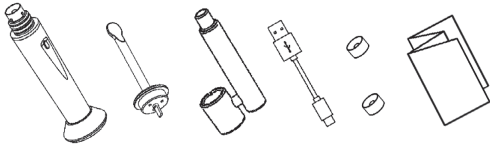

This device is suited for adults 18 years of age and older. Age requirement for use may vary depending on rules and regulations in accordance with your Provincial or State law. Our products do not treat, diagnose, or cure any disease, physical ailment, or condition. Keep out of the reach of children and pets as ingestion of certain pieces can present a choking hazard. This device contains a lithium ion battery and is an electronic device and should be treated accordingly.

**Product Parameters:**

Material of atomization pot: GR2 Pure Titanium  
Material of body: Aluminum Alloy + Rubber Coating  
Dimensions: Length 106mm \* Diameter 22mm  
Net weight: 100g  
Resistance of heater: 0.25~0.4Ω  
Battery capacity: 1100mAh  
Charging voltage: DC 5V  
Output voltage: 3.3 – 4.2V  
Output power: 30~60W (Power = Square of Voltage/Resistance)  
Output current: 10 – 15A (Current = Voltage/Resistance)  
Quiescent current: <5uA  
Charging duration : About 60 min.

**Kit includes:**

- 1 x Dabout Mini/1150mAh Li-ion battery
- 1 x Stainless Steel Carb Cap with Removable Dab Tool (ceramic)
- 1 x Titanium Atomizer
- 1 x Quartz Atomizer
- 1 x Ceramic Atomizer
- 1 x Glass pipe attachment
- 1 x USB cable
- 1 x User manual

**Usage & Function:**

1. Fill the glass bubbler with water, and test it's functionality by inhaling, allowing the water level to settle before placing the glass bubbler onto the Dabout Mini. Ensure the glass bubbler is dry all around before placing it onto the Dabout Mini.
2. Click Power Button 3 times to activate or deactivate the device.
3. Quickly click the power button within 2 seconds, 3 times over to heat the unit. The red LED lights up for 5 seconds and then turns into a solid green LED. When the green LED is activated, proceed to use the vaporizer. The vaporizer will auto shut off after 20 seconds of use.
4. When the battery is low the LED flashes 5 times. If the light flashes only 3 times, your device may be damaged.
5. When charging is required the LED will be red, when fully charged the LED light will be green.

**Limited Use Protection:**

Do not turn device on for more than 4 times in a row. Unit may overheat and become damaged.

**Limited Warranty Rules:**

Limited warranty only covers the battery.  
The atomizers, glass bubbler and other accessories are not warrantied.  
Submit warranty request online at [dabtastic.ca](http://dabtastic.ca)  
Limited warranty coverage period is 1 year from date of purchase with proof of purchase.

**DABOUTMINI**  
12month Warranty
